

Dear Reader,

January 2011

**Re: Message of Hope Project**

The message of hope project, as part of another *Salt and Light* initiative, is launched.

The aim is to distribute 950 *Jesus Christ is not a joke* books amongst prisoners in the Mangaung-area, Free State, South Africa on Father's day in June 2011. *The ultimate desire is to extend this initiative to prisons on national and international level as well.*

***Jesus Christ is not a Joke – He is your answer, your hope, your freedom and your life*** is a book about Jesus, and all that He has done for us. It is a powerful message of love that will break the chains of imprisonment. It is a timeless message for all generations and is a source of truth that will bring insight, hope and encouragement to the hearts of people.

The book adopts a fresh approach and covers issues relevant to the current times we live in, irrespective of the age, gender or circumstances of the reader. The author of the book is ACM Slabbert. (Bloemfontein, South Africa).
